

Wrexham County Borough Council

Welsh Language Impact Assessment and Supporting Evidence

Prepared in accordance with Welsh Language Standards 88-92

**This Welsh Language Impact Assessment underpins the Council's proposal to reduce the Published Admission Number (PAN) at Ysgol Maes y Mynydd and Penygelli Primary School with effect from September 2027.**

August 2025

This document is available in languages other than Welsh or English upon request. It is also available in accessible formats such as large print, Braille, BSL DVD and audio-CD upon request. To make a request for this document in another format or language, please email [SustainableCommunitiesForLearning@wrexham.gov.uk](mailto:SustainableCommunitiesForLearning@wrexham.gov.uk) or write to Access and School Places Team, Education, Crown Buildings, 31 Chester Street, Wrexham, LL13 8BG.

This remains a working document and is subject to change throughout the consultation period.

## **Introduction**

Wrexham County Borough Council's School Organisation Framework (2017-2025) sets out the Council's vision and strategic direction for developments in education provision over a 10-year period.

Pending agreement from the Executive Board, Wrexham County Borough Council will carry out a formal consultation with stakeholders on a proposal to reduce the Published Admission Number (PAN) at Ysgol Maes y Mynydd and Penygelli School with effect from September 2027. If approved, the consultation will run from 2 December 2025 to 2 February 2026.

The proposals seek to address the issue of reducing pupil numbers at these two schools which is impacting on resources, planning and staffing classes. In addition, the level of surplus places at the schools is projected to continue.

The School Organisation Code (2018) requires Local Authorities to carry out a Welsh Language Impact Assessment to give due consideration to the effects of proposals on the Welsh Language.

This document assesses the impact that the proposal may have on the Welsh Language and forms part of a number of impact assessments including: the Community, Transport, the Wellbeing of Future Generations and Equality. The assessment pulls together a range of relevant Welsh language data sources, statistics, information from Welsh Government and existing Council and Welsh Government policies and legislation. These must be considered in context and alongside mitigating factors as the Council determines whether to proceed with the outlined proposal.

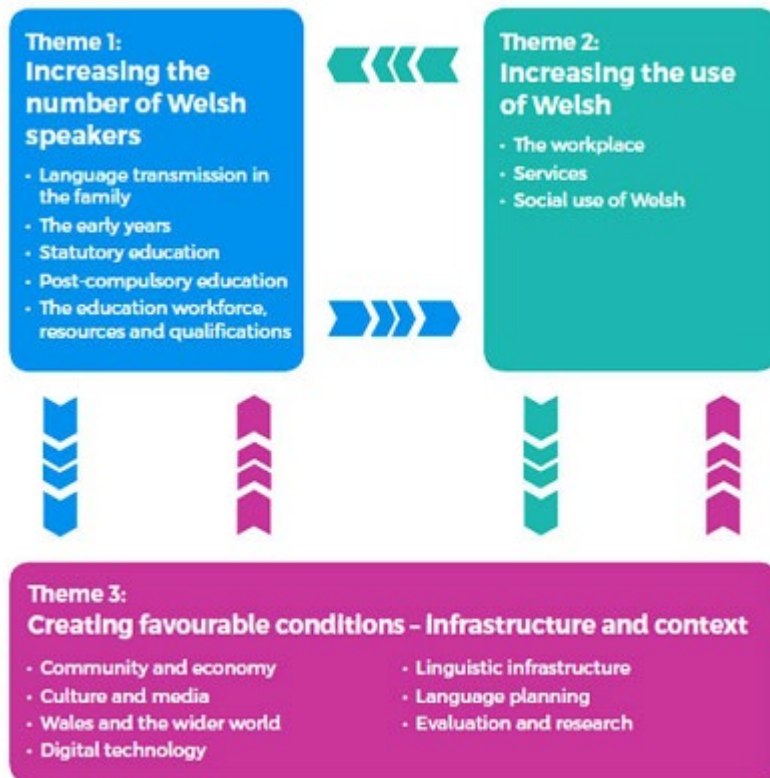

## **Cymraeg 2050 Strategy**

Cymraeg 2050 is the Welsh Government's strategy for the promotion and facilitation of the use of the Welsh language. It sets out a long-term approach to achieving a target of one million Welsh speakers by 2050. The aim of the strategy is to reach a position where the Welsh language is an integral part of all aspects of everyday life. Wrexham Council's Welsh in Education Strategic Plan (2022-2031) (WESP) and Welsh Language Promotion Strategy (2022-2027) directly support the Welsh Government's vision and will become the cornerstone of the Council's contribution towards meeting the target outlined in the Welsh Government's strategy.

Wrexham's Council Plan (2020-2023) includes the Welsh Language and Culture as a strategic planning principle. It recognises that Wales has two official languages, Welsh and English, and services and information should be equally available in both. The Council's internal business language is English, but all employees are supported and encouraged to develop their Welsh language skills. Services and information that the Council provides are available bilingually. The Council's 'Ensuring a Modern and Resilient Council' objective also reiterates our commitment to the Welsh Language Standards and ensures that we continue to adhere to its requirements.

This assessment includes the relevant requirements of a Welsh Language Assessment and considers the three main themes outlined in Cymraeg 2050: A Million Welsh Speakers. Some of the standard questions within the Welsh language assessment and two of the three themes of Cymraeg 2050 may not be directly

relevant to this proposal due to the language medium and provision medium of the schools in question, but as there is a possibility that Welsh-medium schools in the area may be affected by the proposal, they will be considered in full.

This picture above shows a flow chart of three different themes. Theme 1 is increasing the number of Welsh speakers (language transmission in the family, the early years, statutory education, post-compulsory education and the education workforce, resources and qualifications). Theme 2 is increasing the use of Welsh (the workplace, services, social use of Welsh). Theme 3 is creating favourable conditions-infrastructure and context (community and economy, culture and media, Wales the wider world, digital technology, linguistic infrastructure, language planning, evaluation and research).

As can be seen from the flow chart above, all three themes outlined in Cymraeg 2050 have the possibility of being relevant, as the proposal concerns English-medium primary schools which could potentially affect Welsh-medium schools in Wrexham. As a result, all schools that could be reasonably affected will be considered when referring to the impacts and mitigating factors associated with this proposal.

The authority is also committed to raising the profile of the Welsh language and increasing participation in Welsh medium education in Wrexham. The proposal aligns with a number of objectives contained in the Council’s Welsh in Education Strategic Plan (WESP), including:

- Increasing the number of pupils who receive their education through the medium of Welsh;

- Enabling children and young people to be able to use Welsh as a language for living;
- Enabling children and young people to develop confidence in bilingualism;
- Providing information and understanding of the advantages of being bilingual.
- Ensuring ALN provision through the medium of Welsh is equivalent to the provision available through the medium of English.
- Upskilling staff to be proficient in using Welsh within education settings.

## **The Proposal**

The proposal is to reduce the Published Admission Number (PAN) at Ysgol Maes y Mynydd from 51 to 45 and at Penygelli School from 45 to 30 with effect from September 2027. The number of places available within each year group from Year 1 to Year 6 from September 2027 would be capped at 45 in Ysgol Maes y Mynydd and capped at 30 at Penygelli CP for the purposes of in-year transfers.

## **Why is the Council proposing the changes?**

The proposed changes would assist in:

- Reducing the Council's overall surplus capacity in Wrexham's primary schools.
- Providing an appropriate solution to meet local demand for school places in the areas where the schools are located.
- Limiting the impact on all schools, both locally and across the county.
- Supporting the sustainable growth of Welsh-medium education in line with the aspirations of the Council's Welsh in Education Strategic Plan and Cymraeg 2050.
- Improving standards of education and in the longer term be to the benefit of all pupils in the area.

Factors that have been considered by the Council in deciding to consult on this proposal include:

- The continued ability of the schools to provide sufficient places for local children.
- The provision of the most appropriate learning environment for all pupils in support of continuing school improvement.
- Future resource planning and management.

## **The Consultation Process**

The School Organisation Code 2018, paragraph. 1.4 states that "*Where proposals affect schools where Welsh is a medium of instruction (for subjects other than Welsh) for some or all of the time, local authorities should carry out a Welsh Language Impact Assessment.*" As there is the possibility that this could affect Welsh-medium schools in the area, a Welsh Language Impact Assessment must be produced.

Paragraph 3.4 in the School Organisation Code 2018 states:

## WESP

- *The extent to which the proposal would support the targets in the approved Welsh in Education Strategic Plan.* This information is contained in the Impacts and Mitigations section.
- *How the proposal would expand or reduce Welsh language provision. In case of the latter, set out why provision will be reduced.* This information is contained in the Impacts and Mitigations section.

The consultation document invites views and opinions to be submitted in respect of the proposal. As part of the consultation process the Council will undertake an online survey to seek views on the proposal, and to gather information on how consultees feel the proposal may impact on the Welsh language and its further development in the area. The views of children and young people are key to the way education is delivered within our Local Authority.

It is important that when bringing forward proposals, suitable arrangements are made to consult with pupils and, where possible, those pupils likely to attend the school. The Council firmly believe that the pupils of all the schools affected should be given the opportunity to make their views known about this proposal. A children and young people version of the consultation document and an online survey are made available to all children and young people who wish to participate in the consultation. In addition, a visit will be undertaken to meet with the School Council at Ysgol Maes y Mynydd and Penygelli School.

The Welsh Government's School Organisation Code requires the Council to consult on its proposal and to publish a consultation report summarising any issues raised by consultees, the Council's response to those issues and Estyn's view of the overall merit of the proposal.

The proposal and the consultation report will be considered by Elected Members of the Council and should it be agreed to proceed with the plans consulted upon, then the next stage of the process will be to publish a statutory notice outlining the proposal. This would be published for a period of 28 days during which written objections may be submitted.

Where objections are received, an objection report will be published summarising the objections and the Council's response to those objections. Elected Members of the Council will consider the proposal in light of objections received when taking a decision as to whether or not the proposal is to be implemented.

The list of consultees includes Welsh language partner organisations, including the Welsh in Education Forum and the local authority consulting with all of its schools including Welsh-medium schools. The Welsh Language Commissioner will also be consulted.

Welsh language impact assessments must consider a range of factors including links to legislation and details of supporting evidence and mitigating factors. This assessment brings together supporting evidence from a number of sources of information, from relevant Council policies and strategies to national regulations and Census data, and information from Welsh Government in order to support Wrexham County Borough Council as it decides on the proposals regarding Ysgol Maes y Mynydd and Penygelli School.

By considering the above information on wider Welsh language matters, Wrexham County Borough Council will be able to evidence conscience consideration in the decision-making process. Section 84 of The School Standards and Organisation Act 2013 requires Local Authorities to prepare a Welsh in Education Strategic Plan (WESP). Wrexham's WESP (2022-2031) details the plan to support and further develop Welsh language education in schools.

## Welsh-Medium Education Provision in Wrexham

There are currently eight Welsh-medium primary schools, one dual-stream primary school and one 11-18 secondary school which includes a sixth form provision, that provide Welsh-medium education within Wrexham City.

A high percentage of pupils currently attending Welsh medium schools in Wrexham come from predominantly English speaking homes. Bilingualism is introduced at the earliest opportunity and the Local Authority is committed to ensuring that Welsh-medium education will be maintained and developed as the child/young person progresses.

As outlined in the Council's WESP, "the further development and expansion of Welsh medium education remains our vision and we recognise the importance of creating opportunities for all Wrexham pupils to become bilingual so that they emerge from our education system, proud of their identity and confident in using both languages" (WESP, page 5). Over recent years, the Council has strived to expand Welsh medium education across the borough in order to ensure that there are enough places for the pupils of Wrexham to access Welsh medium education should they wish to do so.

## Pupil Projections and Surplus Places in Welsh-Medium Schools

The table below shows the pupil projections and the number of surplus places available in Welsh-medium primary schools across the County Borough over the next five years.

Name of School	Distance from Ysgol Maes y Mynydd	Distance from Penygelli School
Ysgol Llan y Pwll	5.474	4.706
Ysgol Plas Coch CP	4.558	3.115
Ysgol Bodhyfryd	4.424	4.013
Ysgol Bro Alun CP	6.160	3.620
Ysgol Bryn Tabor	3.840	0.245

Ysgol Cynddelw	2027/2028	72	54
Ysgol Cynddelw	2028/2029	69	57

*\*Based on PAN 126*

School Name	Year	Pupil Projections Full Time Pupils Only	Surplus Places
Ysgol Llanarmon Dyffryn Ceiriog	2025/2026	20	29
Ysgol Llanarmon Dyffryn Ceiriog	2026/2027	18	31
Ysgol Llanarmon Dyffryn Ceiriog	2027/2028	16	33
Ysgol Llanarmon Dyffryn Ceiriog	2028/2029	16	33

*\*Based on PAN 49*

*\*Please note that pupil projections and surplus places are not currently available for Ysgol Llan Y Pwll; the new Welsh medium school which has recently opened on the old Borrás Infants site.*

Based on projections, all of these schools have a number of surplus places for the parents of city centre schools wishing to access Welsh medium education should they wish to do so over the next five years. In line with the Council's transport policy, free school transport would also be provided to pupils who wish to access Welsh medium education if they meet the distance criteria. In order to qualify for free home to school transport, a child would need to be accessing Welsh medium education in the nearest suitable Welsh medium school to their home address and this would need to be 2 miles away or more. Distances are measured using the Council's GIS mapping system

In addition, there are a number of projected surplus places in Welsh medium schools across the borough as a whole which parents could access if they wanted to. In line with recommendations in the WESP 2022-2031, the "emphasis will be on filling the places we already have within the system" (page 35) before focusing on expanding Welsh-medium education further.

## **Welsh Medium Education Projects-Background**

### **Ysgol Plas Coch**

In 2016, a £1 million modernisation scheme was implemented at the school, the aim to permanently increase the numbers of Welsh medium places from 210 to 315. An extension to the school provides three new classrooms providing permanent spaces for learning to replace temporary accommodation.

### **Ysgol Bro Alun CP**

In 2013, we opened a new 210 place Welsh medium school in Wrexham, Ysgol Bro Alun. This school was so successful in drawing pupils we have since expanded this site to accommodate 315 places as of September 2019. The project offered opportunity for continued growth, offered a greater choice to parents and met the desired increase in demographic spread of Welsh medium schools.

### **Ysgol ID Hooson**

Alongside the successful expansion at Ysgol Bro Alun CP in Gwersyllt, the Council has also been successful in securing an outline funding bid, under the Welsh Government's Welsh Capital funding stream, to expand provision at Ysgol ID Hooson in Rhosllanerchrugog. Initially, this was for a two classroom extension to replace existing mobiles on site. Since this successful bid, the Council has, in support of the Welsh in Education Strategic Plan, requested additional capital funding to secure £6,300,000 to permanently extend the existing primary school building with an additional seven classrooms. The scheme would also allow for considerable alterations for example to accommodate a studio hall, a larger relocated kitchen and extension to the Foundation Phase areas. Welsh Government are providing 100% grant funding for this Capital grant. The extension will provide permanent spaces for learning to replace temporary accommodation and will temporarily house wrap around child care. This again creates further capacity and provides the opportunity for Ysgol ID Hooson to become a 420 capacity primary school if required.

### **Ysgol Llan Y Pwll**

The Local Authority has increased the geographic spread of Welsh medium schools in the borough by opening a new Welsh medium school at the old Borrás Infants site. The project involved extending and extensively remodelling the previous Borrás Infants site in order to accommodate a new Welsh medium school with a capacity of 210 and a 30 place nursery. Funding was also secured through the Childcare grant and a new Childcare provision was created on site. By increasing the geographic spread of Welsh medium provision, the Council has ensured that Welsh medium education is increasingly accessible to parents and has also ensured that the time pupils need to travel to a local Welsh medium school is reduced. Ysgol Llan y Pwll opened in September 2022 for reception and nursery children. The aims of the above projects were:

- To continue to generate greater access and wider participation within Welsh medium at a Primary level for Wrexham learners.
- To continue increased participation and retention within the Welsh medium Primary sector.
- To address the demand for Welsh medium places in Wrexham.

- To increase the demographic spread of Welsh medium primary provision in Wrexham.
- To ensure increased efficiency and effectiveness to provide the best value for money.
- Supporting the Welsh Government's vision and strategy of a million Welsh speakers by 2050.
- Support the aims and objectives within Wrexham's Welsh Language Promotion Strategy (2022-2027).

## **Secondary Welsh Medium Education**

In terms of secondary Welsh medium education, the Local Authority operates a 'Trochi' Programme for late comers to Welsh medium secondary education. This programme enables pupils to receive intensive Welsh language support in Ysgol Morgan Llwyd; Wrexham's Welsh-medium secondary school. The programme begins during the second half of the summer term, whilst the pupils are still in Year 6, and continues throughout Year 7. Based on the success of the Trochi Programme has actively pursued funding grants to build on these successes.

The Local Authority have also increased the available capacity at the Morgan Llwyd site by 240 places by creating a stand-alone sixth form provision under the Sustainable Communities for Learning Programme at a cost of £1,734,544. This work was completed in May 2019.

In the future, further consultation will be required to formally increase the admission number as required, utilising the space freed by the new sixth form provision.

## **Welsh in Education Strategic Plan (WESP)**

The vision: The year 2050: The Welsh language is thriving, the number of speakers has reached a million, and it is used in every aspect of life. Among those who do not speak Welsh there is goodwill and a sense of ownership towards the language and a recognition by all of its contribution to the culture, society and economy of Wales. Our vision is to secure favourable circumstances throughout the country that support language acquisition and use of Welsh language skills. We want to see an increase in language transmission in the family, early introduction of Welsh to every child and an education system that provides Welsh language skills for all.

Having recognised the appetite for Welsh medium education in Wrexham, we are exceptionally pleased at the progress we have made to date and commit to its further development during the coming 10 years.

Wrexham Council have been very successful in meeting demand for Welsh medium school places and indeed have grown considerably prior to and across the lifetime of the previous WESP. In 2013, we opened a new 210 place Welsh medium school Ysgol Bro Alun CP, this school was so successful in drawing pupils we have since expanded the provision at this site to accommodate 315 pupil places.

In addition, we have expanded provision across a number of Welsh medium schools where the sites allowed. Since 2019, we have increased capacity in primary by 165 places or 8.7%.

The WESP 2022-31, is a vital part of the Council's vision for increasing and improving the planning of the provision of Welsh medium education in Wrexham County Borough Council, to enable all learners to develop their Welsh language skills and use the language confidently in everyday life. It both complements and assists in facilitating the National vision for the Welsh language, to have 1 million Welsh speakers by 2050.

## **Welsh Language Promotion Strategy**

Under Welsh Language Standard 145 local authorities had to develop and implement 5-year promotion strategies, working with partner organisations to promote the Welsh language and to facilitate the use of the Welsh language more widely in their respective areas. Amongst other matters the strategy had to include the following:

- A target (in terms of the percentage of speakers in the area) for increasing or maintaining the number of Welsh speakers in the area by the end of the 5-year period concerned;
- A statement setting out how they intend to reach that target; and conduct a review of the strategy and publish a revised version on their website within 5 years of publishing a strategy (or of publishing a revised strategy).

Welsh-medium education, whether in the form of full Welsh-medium provision via Welsh schools, or the teaching of Welsh as a second language in English-medium schools, directly supports this aim and intrinsically links this strategy with the WESP.

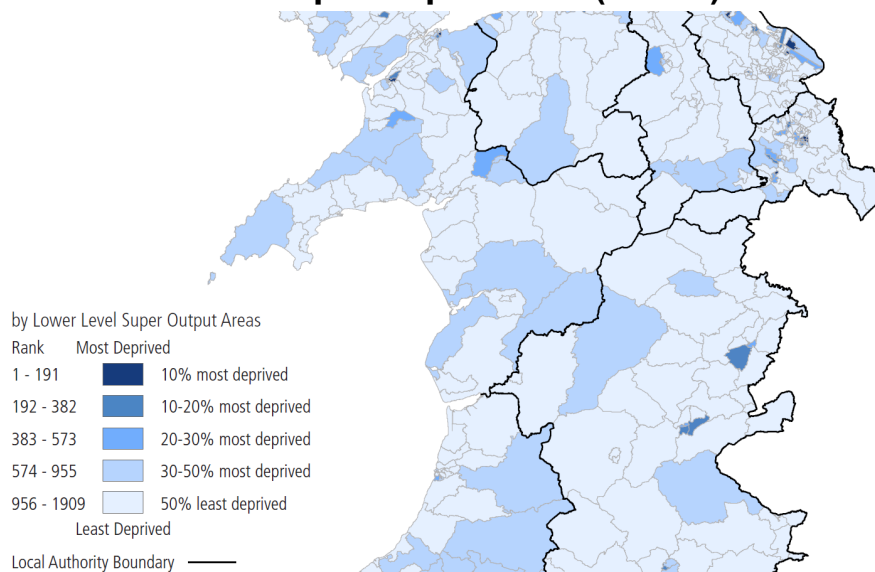

## **Social Deprivation Considerations**

In the Welsh Index of Multiple Deprivation 2019 it was reported that Wrexham Local Authority contains 85 LSOAs (4.5% of the 1909 total LSOAs in Wales) Of the 0 - 10 % most deprived LSOAs in Wales within the overall domain: 6 are within the Wrexham Local Authority. Which accounts for 7.1% of those in the Local Authority and 0.3% of those in Wales. [WIMD-Wrexham](#)

The proposal to reduce capacity at 2 English medium schools could have an positive impact on parental choice and access to Welsh medium education in terms of the perceived positive opportunities that a potential place in a Welsh Language provision might offer their children.

There are both Welsh language and socio-economic considerations to consider. A number of possible mitigations to limit adverse impacts is outlined in the Impacts and Mitigations section.

## Welsh Index of Multiple Deprivation (WIMD)

Source: Welsh Government November 2019

## Welsh Language Skills in Wrexham (from Census 2021)

Welsh Language Skill	Percentage
Speak, read or write Welsh	14.5%
Understand spoken Welsh only	5.4%
Speak but cannot read or write Welsh	1.9%
Speak and read but cannot write Welsh	0.9%
Read but cannot speak or write Welsh	1.4%
Write but cannot speak or read Welsh	0.2%
Can read and write but cannot speak Welsh	0.6%
No skills in Welsh	80.1%

According to the 2021 Census, over half of the population of Wrexham were born in Wales (67.9%). 14.5% of people in Wrexham can speak, read or write Welsh. The ability to speak, read and write Welsh is at its highest in the rural ward of Rhosllanerchrugog and Johnstown South (23.1%) and is at its lowest in the rural ward of Bangor on Dee, Overton and Penley (9.4%). 12.2% of the population of Wrexham can speak Welsh compared to a Wales average of 17.8%.

## Policy WL1: Welsh Language and the Social and Cultural Fabric of Communities

Within the Welsh Language Sensitive Areas identified on the Proposals Map (communities of Ceiriog Ucha, Coedpoeth, Glyntraian, Llansantffraid Glyn Ceiriog, Minera, Pen-y-cae and Rhosllanerchrugog) the following windfall developments will be subject to a Welsh Language Impact Assessment by WCBC. Where the Impact Assessment demonstrates that the development may have an adverse impact, proposals must be accompanied by a Welsh Language Action Plan setting out the measures to be taken to protect, promote and enhance the Welsh Language and culture:

- i. All residential applications for 5 or more units in the Ceiriog Valley (Ceiriog Ucha, Glyntraian, Llansantffraid Glyn Ceiriog communities) and Minera community.
- ii. All residential applications for 15 or more units elsewhere within the Welsh Language Sensitive Areas.

The implementation of any measures identified within the Language Action Plan shall be secured either by planning conditions or, where necessary, by planning obligation.

## Assessment of Potential Impacts on the Welsh Language

The impact of the proposed option has been considered, as shown in the tables below. If an impact is anticipated to be beneficial to the Welsh language, it has been identified as positive. If an impact is anticipated to be potentially detrimental to the Welsh language, it has been identified as negative and if it does not significantly impact the Welsh language it has been identified as neutral.

Description of Impact	Anticipated Impact (Positive/Negative/Neutral)	Comment	Link to WESP Objective
Using Welsh in the Community	Neutral	No anticipated change to use of Welsh in the community as a result of the proposal.	N/A
The language of the schools	Neutral	Ysgol Maes Y Mynydd and Penygelli School are English-medium schools. The language medium of the two schools would remain unchanged should the proposal to reduce the PAN go ahead.	N/A

### **Conclusion and Summary**

We recognise there is more work to be undertaken as part of our drive to actively promote Welsh medium education, address shortfalls in our Welsh medium ALN provision and to upskill staff competency. We are confident that our work on these WESP objectives will minimise and mitigate any potential impacts from the proposal as we continue to promote and raise the profile of Welsh medium education. We do not foresee any significant adverse impact on the Welsh language or on Welsh medium education as a result of this proposal to reduce pupil places in two of our English medium primary schools.

## **Appendix B-School Organisation Code 2018-Welsh Language Impact Assessments**

The Welsh Government takes the view that the requirement for assessments should not be overly burdensome and does not consider that it is necessary to commission such work from external consultants. Local authorities are already under a duty to carry out equality impact assessments which could provide the basis for the impact assessments specified in this guidance.

### **Welsh Language Impact**

These notes are not prescriptive or exhaustive but the impact assessment in respect of the Welsh language might include the following:

- Information on the language category of the school;
- Information on the language category of any alternative school;
- Information about standards in the Welsh language in the school and any alternative school;
- Information about after school activities which provide additional opportunities to use Welsh in the school and any alternative school (e.g. the Urdd, Mentrau Iaith clubs);
- Information about whether the school provides facilities for members of the community to learn Welsh, or undertake activities through the medium of Welsh, and where any alternative facilities could be provided;
- Whether it might be appropriate to provide additional after school facilities at any alternative school to further secure standards in the Welsh language;
- How parents' and pupils' engagement with any alternative school and any specific language enhancement it offers could be supported (e.g. how pupils will be helped to participate in activities provided by the Urdd, Mentrau Iaith);
- Observations provided by the local authority's Welsh medium education forum.

Information on how the proposal fits with the authority's Welsh in Education Strategic Plan and any future actions that will be needed in consequence of the change to continue to comply with the scheme or meet targets in the scheme.

## **Appendix C-Relevant Policies and Legislation**

Below is a list of Council, Welsh Government and other relevant policies, legislation and information, as noted throughout this assessment.
